

StreamSource™

StreamSource is your source for all the video streaming hardware, software, and services you need to share your content with anyone, anywhere, anytime. We offer three distinct layouts, customized to complement your existing web site 'look and feel' for media continuity and maximum impact.

Streaming Encoder (WMV or Flash)

If you currently have a streaming encoder that conforms to the StreamSource specifications, no additional hardware is required.

Streaming Options:

- 24/7 LIVE
- 24/7 LIVE + VOD
(Video On Demand)
- 24/7 LIVE + VODex
(VOD with Indexing)

Integrated Solutions + StreamSource

- VDESK touchscreen production
- REMO remote production
- Automation and Digital Signage
- Custom Configurations

Flash or WMV streaming from your facility to the world!
